Access to Documents

You have the right, upon request, to obtain a copy of the policy, your application and any written statements or other records you have provided to Canada Life as evidence of insurability, subject to certain limitations.

Legal Actions

Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the *Insurance Act* (for actions or proceedings governed by the laws of Alberta and British Columbia), *The Insurance Act* (for actions or proceedings governed by the laws of Manitoba), the *Limitations Act, 2002* (for actions or proceedings governed by the laws of Ontario), or other applicable legislation. For those actions or proceedings governed by the laws of Quebec, the prescriptive period is set out in the Quebec Civil Code.

Appeals

You have the right to appeal a denial of all or part of the insurance or benefits described in the contract as long as you do so within one year of the initial denial of the insurance or a benefit. An appeal must be in writing and must include your reasons for believing the denial to be incorrect.

Benefit Limitation for Overpayment

If benefits are paid that were not payable under the policy, you are responsible for repayment within 30 days after Canada Life sends you a notice of the overpayment, or within a longer period if agreed to in writing by Canada Life. If you fail to fulfil this responsibility, no further benefits are payable under the policy until the overpayment is recovered. This does not limit Canada Life's right to use other legal means to recover the overpayment.

Protecting Your Personal Information

At Canada Life, we recognize and respect the importance of privacy. Personal information about you is kept in a confidential file at the offices of Canada Life or the offices of an organization authorized by Canada Life. Canada Life may use service providers located within or outside Canada. We limit access to personal information in your file to Canada Life staff or persons authorized by Canada Life who require it to perform their duties, to persons to whom you have granted access, and to persons authorized by law. Your personal information may be subject to disclosure to those authorized under applicable law within or outside Canada.

We use the personal information to administer the group benefits plan under which you are covered. This includes many tasks, such as:

- determining your eligibility for coverage under the plan
- enrolling you for coverage
- investigating and assessing your claims and providing you with payment
- managing your claims
- verifying and auditing eligibility and claims
- creating and maintaining records concerning our relationship
- underwriting activities, such as determining the cost of the plan, and analyzing the design options of the plan
- Canada Life's and its affiliates' internal data management and analytics
- preparing regulatory reports, such as tax slips

We may exchange personal information with your health care providers, your plan administrator, any insurance or reinsurance companies, administrators of government benefits or other benefit programs, other organizations, or service providers working with us or the above when relevant and necessary to administer the plan.

As a plan member, you are responsible for the claims submitted. We may exchange personal information with you or a person acting on your behalf when relevant and necessary to confirm coverage and to manage the claims submitted.

You may request access or correction of the personal information in your file. A request for access or correction should be made in writing and may be sent to any of Canada Life's offices or to our head office.

For a copy of our Privacy Guidelines, or if you have questions about our personal information policies and practices (including with respect to service providers), write to Canada Life's Chief Compliance Officer or refer to www.canadalife.com.

Information About Your Flex Plan

- Option changes take effect every 2 years on the January 1st re-enrolment date, unless the change results from a life event. If it does, the option change will take effect on the date the application for the change is made, as long as it is made within 31 days of the status change. Otherwise, the change will not take effect until the next re-enrolment date.
- If you experience a life change during a plan year that affects your coverage needs, you may make changes to your benefit options that directly relate to your status change without waiting for the next January 1st re-enrollment period. Any of the following is considered a life change:
 - acquiring your first dependent (spouse or child)
 - acquiring a spouse if you have child coverage only
 - acquiring your first child (birth, adoption or step-child) if you have spouse coverage only
 - involuntary loss of similar coverage through your spouse's group benefit program (for example, because of a change in your spouse's employment status)
 - death of your spouse or only child
 - your spouse or only child ceasing to qualify for coverage (for example, through divorce or your child's attainment of a limiting age – see Dependent Coverage in this booklet)

Note: See your administrator for details no later than 31 days after a life change occurs. Certain conditions apply.

COMMENCEMENT AND TERMINATION OF COVERAGE

You are eligible to participate in the plan after 3 months of continuous employment. You are considered continuously employed only if you satisfy the actively at work requirement throughout the eligibility waiting period.

- You and your dependents will be covered as soon as you become eligible.

You may waive health and/or dental coverage if you are already covered for these benefits under your spouse's plan. If you lose spousal coverage you must apply for coverage under this plan. If you do not apply within 31 days of loss of such coverage, or you were previously declined for coverage by Canada Life, you and your dependents may be required to provide evidence of insurability acceptable to Canada Life to be covered for health benefits, and may be declined for or offered limited dental benefits.

- You must be actively at work when coverage takes effect, otherwise the coverage will not be effective until you return to work.

Increases in your benefits while you are covered by this plan will not become effective unless you are actively at work.

- Temporary, part-time and seasonal employees may not join the plan.

Your coverage terminates when your employment ends, you are no longer eligible, or the policy terminates, whichever is earliest.

- Your dependents' coverage terminates when your insurance terminates or your dependent no longer qualifies, whichever is earlier.
- Your coverage may be extended if it would have terminated because you are not actively at work due to disease or injury, temporary lay-off or leave of absence. See your employer for details.
- When your coverage terminates, you may be entitled to an extension of benefits under the plan. See your employer for details.

Survivor Benefits

If you die while your coverage is still in force, the health and dental benefits for your dependents will be continued for a period of 2 years or until they no longer qualify, whichever happens first.

DEPENDENT COVERAGE

Dependent means:

- Your spouse, legal or common-law.

A common-law spouse is a person who has been living with you in a conjugal relationship for at least 12 months or, if you are a Quebec resident, until the earlier birth or adoption of a child of the relationship.

- Your unmarried children under age 21, or under age 25 if they are full-time students.

Note: If you are a Quebec resident, full-time students are covered for prescription drug benefits until age 26.

Children under age 21 are not covered if they are working more than 30 hours a week, unless they are full-time students.

Children who are incapable of supporting themselves because of physical or mental disorder are covered without age limit if the disorder begins before they turn 21, or while they are students under 25, and the disorder has been continuous since that time.

BENEFICIARY DESIGNATION

You may make, alter, or revoke a designation of beneficiary as permitted by law. Any designation of beneficiary you made under your employer's previous policy prior to the effective date of this policy applies to this policy until you make a change to that designation. You should review your beneficiary designation from time to time to ensure that it reflects your current intentions. You may change the designation by completing a form available from your employer.

EMPLOYEE BASIC LIFE INSURANCE

On your death, Canada Life will pay your life insurance benefits to your named beneficiary. If you have not named a beneficiary or there is no surviving beneficiary at the time of your death, payment will be made to your estate. Your employer will explain the claim requirements to your beneficiary.

- If you are under age 65 and have been disabled for 6 months or more, you may be entitled to have your life insurance continued without premium payment until you reach age 65. You are considered disabled if injury or disease prevents you from being gainfully employed in any job. Canada Life will determine your qualification for waiver of premium benefits. If you believe you may be eligible, contact your employer for claim forms. You must apply for waiver of premium benefits within 12 months of becoming eligible.
- Your life insurance will terminate if you are age 65 or over and you are not actively at work. However, if you are not actively at work because of disease or injury, your life insurance may be continued on a premium paying basis for up to 6 months following the date you ceased to be actively at work.
- If any or all of your insurance terminates on or before your 65th birthday, you may be eligible to apply for an individual conversion policy without providing proof of your insurability. You must apply and pay the first premium no later than 31 days after your group insurance terminates. See your employer for details.

DEPENDENT BASIC LIFE INSURANCE

If one of your dependents dies, Canada Life will pay you the dependent life insurance benefit. Your employer will explain the claim requirements.

- If you are disabled and the premiums for your employee life insurance are waived, your dependent life insurance will also continue without premium payment until your own coverage terminates or your dependents no longer qualify.
- Your dependent life insurance will terminate if you are age 65 or over and you are not actively at work. However, if you are not actively at work because of disease or injury and your employee life insurance is continued, your dependent life insurance will be continued on the same basis.
- If you live in Quebec and your spouse's or child's insurance terminates on or before your 65th birthday, your spouse or child may be eligible for an individual conversion policy without providing proof of insurability.

If you live elsewhere in Canada and your spouse's insurance terminates on or before their 65th birthday, your spouse may be eligible for an individual conversion policy without providing proof of insurability.

You or your spouse must apply for spouse or child insurance and pay the first premium no later than 31 days after the group insurance terminates. See your employer for details.

OPTIONAL LIFE INSURANCE

Optional life insurance allows you to choose additional coverage for yourself and your spouse. Check the **Benefit Summary** for the amount of optional life insurance available.

When you apply for optional life insurance, you must provide proof of insurability, and your application must be approved by Canada Life. Canada Life may void the optional insurance if any statement or answer in your application misrepresents or fails to disclose any fact material to the insurance.

On your death, Canada Life will pay your life insurance to your named beneficiary. If you have not named a beneficiary or there is no surviving beneficiary at the time of your death, payment will be made to your estate. Your employer will explain the claim requirements. If your spouse dies you will be paid the amount for which your spouse was insured.

- If you are approved for waiver of premium on your basic life insurance, any optional life insurance for yourself or your spouse will also continue without premium payment as long as your basic life insurance continues but not beyond the date your optional insurance would otherwise terminate.
- If your or your spouse's optional life insurance terminates, you or your spouse may be eligible for an individual conversion policy without providing proof of insurability. You must apply and pay the first premium no later than 31 days after the group insurance terminates. In the case of insurance for your spouse, you or your spouse may apply. See your employer for details.
- Your optional life insurance will not continue past the end of the day before the date you reach age 65. Your spouse's coverage will not continue past the end of the day before the date you or your spouse reaches age 65, whichever comes first.

Limitation

No benefit is paid for suicide within the first two years of initial or increased optional life coverage. In such a situation, Canada Life refunds the premiums that have been received.

ACCIDENTAL DEATH, DISMEMBERMENT AND SPECIFIC LOSS (AD&D) INSURANCE

If you suffer one of the losses listed below as the result of an accident which occurs while you are insured, you will be paid the factor or portion of the Principal Sum shown opposite the loss in the table below. The loss must occur no later than 365 days after the accident. For loss of use, the loss must be continuous for 365 days. If you suffer multiple losses to the same limb as the result of the same accident, only the loss providing the highest amount payable will be paid.

If you die as a result of an accident, Canada Life will pay the Principal Sum to your named beneficiary. If you have not named a beneficiary or there is no surviving beneficiary at the time of your death, payment will be made to your estate. Your employer will explain the claim requirements to your beneficiary.

The Principal Sum is the maximum amount that will be paid for all injuries resulting from the same accident. For paraplegia, hemiplegia, and quadriplegia, the maximum amount that will be paid for all injuries resulting from the same accident is two times the Principal Sum.

Loss	Amount Payable
Life	Principal Sum
Both hands or both feet	Principal Sum
Sight of both eyes	Principal Sum
One hand and one foot	Principal Sum
One hand and sight of one eye	Principal Sum
One foot and sight of one eye	Principal Sum
Speech and Hearing in both ears	Principal Sum
One arm or one leg	3/4 Principal Sum
One hand or one foot or sight of one eye	1/2 Principal Sum
Speech	1/2 Principal Sum
Hearing in both ears	1/2 Principal Sum
Thumb and index finger or at least 4 fingers of one hand	1/4 Principal Sum
All toes of one foot	1/8 Principal Sum

Loss of Use

Both arms and both legs (quadriplegia)	2 X Principal Sum
Both legs (paraplegia)	2 X Principal Sum
One arm and one leg on the same side of the body (hemiplegia)	2 X Principal Sum
One arm and one leg on different sides of the body	Principal Sum
Both arms or both hands	Principal Sum
One hand and one leg	Principal Sum
One leg or one arm	3/4 Principal Sum
One hand	1/2 Principal Sum

Surgical Reattachment

If you suffer the loss of a limb that is surgically reattached, Canada Life will pay 50% of the amount that would have been payable if the loss had been permanent, regardless of the amount of use regained. The balance of the benefit will be payable if the reattachment fails and the reattached part is removed within one year after the reattachment was performed.

Repatriation

If you die as the result of an accident that is at least 150 kilometres away from your home, Canada Life will pay up to \$2,500 for the preparation and transportation of your body to the place of burial or cremation less any amounts paid under this plan's global medical assistance benefit.

Educational Benefit for Dependent Children

If benefits are payable under this benefit provision for your death, Canada Life will pay the tuition fees for enrolling your dependent children as full-time students at a post-secondary institution. To qualify for an educational benefit, a dependent child must have been enrolled:

- as a full-time student at a post-secondary institution at the time of the accident causing your death, or
- as a full-time student at the secondary school level at the time of the accident causing your death and enrolls as a full-time student at a post-secondary institution within 365 days after the accident.

Canada Life will pay up to 5% of the Principal Sum, or \$5,000, whichever is less, for each year of full-time post-secondary school enrolment. Canada Life will pay the educational benefit each year for a maximum of 4 consecutive years upon receipt of proof of full-time enrolment.

Limitations

No benefits will be paid for tuition expenses incurred before the accident causing your death, or room or board or other ordinary living, travelling, or clothing expenses.

Family Transportation Benefit

If you are hospitalized more than 150 kilometres from your home as a result of an injury for which benefits are payable under this benefit provision, Canada Life will pay the actual expense incurred less any amount paid for the same expenses under this plan's global medical assistance benefit, up to \$2,000, for transportation and lodging expenses for one family member to join you.

Benefits for lodging are limited to moderate quality accommodation for the area of hospitalization. Telephone expenses and taxicab and car rental charges are included.

Transportation expenses are limited to round trip economy class transportation. If a private vehicle is used, expenses are limited to \$.44 per kilometre travelled.

Limitation

Meal expenses are not covered.

Occupational Training Benefit for Spouses

If benefits are payable under this benefit provision for your death, Canada Life will pay for expenses associated with your spouse's enrolment in an accredited occupational training program. The purpose of the training program must be to provide the spouse with at least the minimum qualifications required for employment in an occupation for which the spouse would not otherwise qualify.

Canada Life will pay up to 10% of the Principal Sum, or \$10,000, whichever is less.

Limitations

No benefits will be paid for expenses incurred more than 3 years after the accident causing your death, or room or board or other ordinary living, travelling, or clothing expenses.

Educational Benefit

If benefits are payable under this benefit provision for an injury that requires you to change occupations, Canada Life will pay the tuition fees for enrolling you as a student at a post-secondary institution for training in a new occupation. To qualify for an educational benefit, you must enrol at a post-secondary institution within 365 days after the accident. Canada Life will pay up to \$10,000.

Limitations

No benefits will be paid for tuition expenses incurred before the accident, expenses incurred more than 2 years after the accident causing the injury, or room or board or other ordinary living, travelling, or clothing expenses.

Wheelchair Benefit

If benefits are payable under this benefit provision for an injury that requires the use of a wheelchair for you to be ambulatory, Canada Life will pay for alterations to your principal residence to make it wheelchair accessible and habitable, and modifications to a motor vehicle you use to make it accessible to and driveable by you.

Benefits for home alterations are payable only if the person or persons making the changes are experienced in home alterations for wheelchairs, and recommended by an organization recognized for providing support and assistance to wheelchair users.

Benefits for vehicle modifications are payable only if the person or persons making the changes are experienced in vehicle modification for wheelchairs, and the modifications are approved by the provincial vehicle licensing authority.

Canada Life will pay the actual expense incurred less any amount paid for the same expenses under this plan's healthcare benefit, up to \$10,000 for all home and vehicle modifications combined.

Limitations

No benefits will be paid for expenses incurred more than 365 days after the accident, or for subsequent alterations to your home or vehicle after an initial claim for benefits has been made under this wheelchair benefit provision.

General Limitations

No benefits are paid for injury or death resulting from:

- Intentionally self-inflicted injury or suicide, regardless of your state of mind and whether or not you were able to understand the nature and consequences of your actions
- Viral or bacterial infections, except pyogenic infections occurring through the injury for which loss is being claimed
- Any form of illness or physical or mental infirmity
- Medical or surgical treatment, except surgical reattachment
- War, insurrection or voluntary participation in a riot
- Service in the armed forces of any country
- Air travel serving as a crew member, or in aircraft owned, leased or rented by your employer, or air travel where the aircraft is not licensed or the pilot is not certified to operate the aircraft

How to Make a Claim

- To claim benefits for yourself, ask your employer for a claim form. Complete it and return it to your employer.
- If you die accidentally, your employer will explain the claim requirements to your beneficiary.
- Claims should be submitted as soon as possible, but no later than 15 months after the loss.

LONG TERM DISABILITY (LTD) INCOME BENEFITS

The plan provides you with regular income to replace income lost because of a lengthy disability due to disease or injury. Benefits begin after the waiting period is over and continue until you are no longer disabled **as defined by the policy** or you reach age 65, whichever comes first. Check the **Benefit Summary** for the benefit amount and waiting period.

- If disability is not continuous, the days you are disabled can be accumulated to satisfy the waiting period as long as no interruption is longer than 2 weeks and the disabilities arise from the same disease or injury. If your employer provides short term disability or sick leave benefits that are still being paid when the waiting period ends, the waiting period will be extended until the end of the short term disability or sick leave benefit period, but not later than one year after your disability started.
- LTD benefits are payable for the first 24 months following the waiting period if disease or injury prevents you from doing your own job. You are **not** considered disabled if you can perform a combination of duties that regularly took at least 60% of your time to complete.
- After 24 months, LTD benefits will continue only if your disability prevents you from being gainfully employed in any job. Gainful employment is work you are medically able to perform, for which you have at least the minimum qualifications, and provides you with an income of at least 50% of your indexed monthly earnings before you became disabled.
- After the waiting period, separate periods of disability arising from the same disease or injury are considered to be one period of disability unless they are separated by at least 6 months.
- Because you pay the entire cost of LTD coverage, benefits are not taxable.
- Your LTD insurance will not continue past the end of the day before the date you reach age 65.

Other Income

Your LTD benefit is reduced by other income you are entitled to receive while you are disabled. Your benefit is first reduced by:

- disability or retirement benefits you are entitled to on your own behalf under the Canada or Quebec Pension Plan, except for increases that take effect after the benefit period starts
- benefits under any Workers' Compensation Act or similar law

There is a further reduction of your LTD benefit if the total of the income listed below exceeds 85% of your monthly take-home pay before you became disabled. If it does, your benefit is reduced by the excess amount.

- your income under this plan
- benefits another member of your family is entitled to on the basis of your disability under the Canada or Quebec Pension Plan that are paid directly to you, except for increases that take effect after the benefit period starts
- loss of income benefits available through legislation, except for Employment Insurance benefits, which you and any other member of your family are entitled to on the basis of your disability, including automobile insurance benefits where permitted by law

- disability benefits under a plan of insurance available through membership in an association
- employment income, disability benefits, or retirement benefits related to any employment except an approved rehabilitation plan or program (termination pay and severance benefits are included as employment income under this provision)

Earnings received from an approved rehabilitation plan or program are not used to reduce your LTD benefit unless those earnings, together with your income from this plan and the other income listed above, including any increases in Canada or Quebec Pension Plan benefits that take effect after the benefit period starts, would exceed your indexed monthly take-home pay before you became disabled. If it does, your benefit is reduced by the excess amount.

Vocational Rehabilitation Benefits

Vocational rehabilitation involves a work-related activity or training strategy that is designed to help you return to gainful employment and a more productive lifestyle. A plan or program will be approved if it is appropriate for the expected duration of your disability and it facilitates your earliest possible return to work.

Medical Coordination Benefits

Medical coordination is a process of early involvement to ensure that you are diagnosed quickly and receive appropriate treatment on a timely basis. The goal is to enable you to return to work as early as possible and to prevent the disability from becoming long term or permanent.

Limitations

No benefits are paid for:

- Disability arising from a disease or injury for which you received medical care before your insurance started. This limitation does not apply if your disability starts after you have been continuously insured for 1 year, or you have not had medical care for the disease or injury for a continuous period of 90 days ending on or after the date your insurance took effect.
- Any period in which you do not participate or cooperate in a prescribed plan of medical treatment appropriate for your condition.

Depending on the severity of the condition, you may be required to be under the care of a specialist.

If substance abuse contributes to your disability, the treatment program must include participation in a recognized substance withdrawal program.

- The scheduled duration of a lay-off or leave of absence.

This does not apply to any portion of a period of maternity leave during which you are disabled due to pregnancy.

- Any period after you fail to participate or cooperate in an approved rehabilitation plan or program.
- Any period after you fail to participate or cooperate in a recommended medical coordination program.
- Any 12-month period in which you do not live in Canada for at least 6 months.
- Any period of confinement in a prison or similar institution.
- Disability arising from war, insurrection, or voluntary participation in a riot.

How to Make a Claim

- To submit claims online, go to www.canadalife.com.
- To submit paper claims, obtain an Employee Claim Submission Guide (form M4307B) and follow the guide's instructions.

You can get this form from your employer, or online from the Canada Life corporate website. To access the form online, go to www.canadalife.com.

Please ensure that your claim is submitted to Canada Life as soon as possible, but no later than 6 months after proof of your claim has been requested.

HEALTHCARE

A deductible may be applied before you are reimbursed. All expenses will be reimbursed at the level shown in the **Benefit Summary**. Benefits may be subject to plan maximums and frequency limits. Check the **Benefit Summary** for this information.

The plan covers customary charges for the following services and supplies. All covered services and supplies must represent reasonable treatment. Treatment is considered reasonable if it is accepted by the Canadian medical profession, it is proven to be effective, and it is of a form, intensity, frequency and duration essential to diagnosis or management of the disease or injury.

You are covered for only the Healthcare benefits that apply to the option that you choose as shown in the **Benefit Summary**.

Covered Expenses

- Ambulance transportation to the nearest centre where adequate treatment is available
- Home nursing care if it represents acute, convalescent, or palliative care.

Acute care is active intervention required to diagnose or manage a condition that would otherwise deteriorate.

Convalescent care is active treatment or rehabilitation for a condition that will significantly improve as a result of the care and follows a 3-day confinement for acute care.

Palliative care is treatment for the relief of pain in the final stages of a terminal condition.

- The plan covers home nursing services of a registered nurse, a registered practical nurse if the person is a resident of Ontario or a licensed practical nurse if the person is a resident of any other province, when services are provided in Canada.

Nursing care is care that requires the skills and training of a professional nurse, and is provided by a professional nurse who is not a member of the patient's family.

You should apply for a pre-care assessment before home nursing begins.

- Drugs and drug supplies described below when prescribed by a person entitled by law to prescribe them, dispensed by a person entitled by law to dispense them, and provided in Canada. Benefits for drugs and drug supplies provided outside Canada are payable only as provided under the out-of-country emergency care provision.
 - Drugs which require a written prescription according to the Food and Drugs Act, Canada or provincial legislation in effect where the drug is dispensed, including contraceptive drugs and products containing a contraceptive drug
 - Injectable drugs including vitamins, insulins and allergy extracts. Syringes for self-administered injections are also covered
 - Disposable needles for use with non-disposable insulin injection devices, lancets, test strips, and sensors for flash glucose monitoring machines
 - Extemporaneous preparations or compounds if one of the ingredients is a covered drug
 - Certain other drugs that do not require a prescription by law may be covered. If you have any questions, contact your plan administrator before incurring the expense.

Unless medical evidence is provided to Canada Life that indicates why a drug is not to be substituted, Canada Life can limit the covered expense to the cost of the lowest priced interchangeable drug.

For drugs eligible under a provincial drug plan, coverage is limited to the deductible amount and coinsurance you are required to pay under that plan.

- Rental or, at Canada Life's discretion, purchase of certain medical supplies, appliances and prosthetic devices prescribed by a physician
- Custom-made foot orthotics and custom-fitted orthopedic shoes, including modifications to orthopedic footwear, when prescribed by a physician
- Hearing aids, including batteries, tubing and ear molds provided at the time of purchase, when prescribed by a physician
- Diabetic supplies prescribed by a physician: Novolin-pens or similar insulin injection devices using a needle, blood-letting devices including platforms but not lancets. Lancets are covered under prescription drugs
- Blood-glucose monitoring machines prescribed by a physician
- Flash glucose monitoring machines prescribed by a physician
- Continuous glucose monitoring machines prescribed by a physician, including sensors and transmitters
- Diagnostic laboratory and imaging procedures performed in the person's province of residence are covered when that type of procedure is not listed as an insured procedure under their provincial government plan. For greater certainty, a procedure is not eligible for coverage if a person can choose to pay for it, in whole or in part, instead of having the procedure covered under their provincial government plan
- Treatment of injury to sound natural teeth. Treatment must start within 60 days after the accident unless delayed by a medical condition

A sound tooth is any tooth that did not require restorative treatment immediately before the accident. A natural tooth is any tooth that has not been artificially replaced

No benefits are paid for:

- accidental damage to dentures
- dental treatment completed more than 12 months after the accident
- orthodontic diagnostic services or treatment
- Out-of-hospital treatment of muscle and bone disorders, including diagnostic x-rays, by a licensed chiropractor

- Out-of-hospital treatment of movement disorders by a licensed physiotherapist
- Out-of-hospital treatment of foot disorders, including diagnostic x-rays, by a licensed podiatrist
- Out-of-hospital treatment by a registered psychologist or qualified social worker
- Out-of-hospital treatment of speech impairments by a qualified speech therapist
- Out-of-hospital services of a qualified massage therapist
- Out-of-hospital services of a qualified acupuncturist
- Out-of-hospital services of a licensed osteopath, including diagnostic x-rays
- Out-of-hospital services of a licensed naturopath

Visioncare

- Eye examinations, including refractions, when they are performed by a licensed ophthalmologist or optometrist, and coverage is not available under your provincial government plan
- Glasses and contact lenses required to correct vision when provided by a licensed ophthalmologist, optometrist or optician
- Laser eye surgery required to correct vision when performed by a licensed ophthalmologist

Global Medical Assistance Program

This program provides medical assistance through a worldwide communications network which operates 24 hours a day. The network locates medical services and obtains Canada Life's approval of covered services, when required as a result of a medical emergency arising while you or your dependent is travelling for vacation, business or education. Coverage for travel within Canada is limited to emergencies arising more than 500 kilometres from home. You must be covered by the government health plan in your home province to be eligible for global medical assistance benefits. The following services are covered, subject to Canada Life's prior approval:

- On-site hospital payment when required for admission, to a maximum of \$1,000
- If suitable local care is not available, medical evacuation to the nearest suitable hospital while travelling in Canada. If travel is outside Canada, transportation will be provided to a hospital in Canada or to the nearest hospital outside Canada equipped to provide treatment

When services are covered under this provision, they are not covered under other provisions described in this booklet

- Transportation and lodging for one family member joining a patient hospitalized for more than 7 days while travelling alone. Benefits will be paid for moderate quality lodgings up to \$1,500 and for a round trip economy class ticket
- If you or a dependent is hospitalized while travelling with a companion, extra costs for moderate quality lodgings for the companion when the return trip is delayed due to your or your dependent's medical condition, to a maximum of \$1,500
- The cost of comparable return transportation home for you or a dependent and one travelling companion if prearranged, prepaid return transportation is missed because you or your dependent is hospitalized. Coverage is provided only when the return fare is not refundable. A rental vehicle is not considered prearranged, prepaid return transportation
- In case of death, preparation and transportation of the deceased home

- Return transportation home for minor children travelling with you or a dependent who are left unaccompanied because of your or your dependent's hospitalization or death. Return or round trip transportation for an escort for the children is also covered when considered necessary
- Costs of returning your or your dependent's vehicle home or to the nearest rental agency when illness or injury prevents you or your dependent from driving, to a maximum of \$1,000.

Limitation

Benefits will not be paid for vehicle return if transportation reimbursement benefits are paid for the cost of comparable return transportation home

Benefits payable for moderate quality accommodation include telephone expenses as well as taxicab and car rental charges.

Limitation

Meal expenses are not covered.

Out-Of-Country Emergency Care

The plan covers medical expenses incurred as a result of a medical emergency arising while you or your dependent is outside Canada for vacation, business or education purposes. To qualify for benefits, you must be covered by the government health plan in your home province.

A medical emergency is a sudden, unexpected injury or an acute episode of disease.

- The following services and supplies are covered when related to the initial medical treatment:
 - treatment by a physician
 - diagnostic x-ray and laboratory services
 - hospital accommodation in a standard or semi-private ward or intensive care unit, if the confinement begins while you or your dependent is covered
 - medical supplies provided during a covered hospital confinement
 - paramedical services provided during a covered hospital confinement
 - hospital out-patient services and supplies
 - medical supplies provided out-of-hospital if they would have been covered in Canada
 - drugs
 - out-of-hospital services of a professional nurse
 - ambulance services by a licensed ambulance company to the nearest centre where essential treatment is available
 - dental accident treatment if it would have been covered in Canada

If your medical condition permits you to return to Canada, benefits will be limited to the amount payable under this plan for continued treatment outside Canada or the amount payable under this plan for comparable treatment in Canada, plus return transportation, whichever is less.

Other Services and Supplies

Canada Life can, on such terms as it determines, cover services or supplies under this plan where the service or supply represents reasonable treatment.

Limitations

Canada Life can decline a claim for services or supplies that were purchased from a provider that is not approved by Canada Life.

Canada Life can limit the covered expense for a service or supply to that of a lower cost alternative service or supply that represents reasonable treatment.

Except to the extent otherwise required by law, no benefits are paid for:

- Expenses private insurers are not permitted to cover by law
- Services or supplies for which a charge is made only because you have insurance coverage
- The portion of the expense for services or supplies that is payable by the government health plan in your home province, whether or not you are actually covered under the government health plan
- Any portion of services or supplies which you are entitled to receive, or for which you are entitled to a benefit or reimbursement, by law or under a plan that is legislated, funded, or administered in whole or in part by a government (“government plan”), without regard to whether coverage would have otherwise been available under this plan

In this limitation, government plan does not include a group plan for government employees

- Services or supplies that do not represent reasonable treatment
- Services or supplies associated with:
 - treatment performed only for cosmetic purposes
 - recreation or sports rather than with other daily living activities
 - the diagnosis or treatment of infertility
 - contraception, other than contraceptive drugs and products containing a contraceptive drug
- Services or supplies associated with a covered service or supply, unless specifically listed as a covered service or supply or determined by Canada Life to be a covered service or supply
- Extra medical supplies that are spares or alternates
- Services or supplies received outside Canada except as listed under Out-of-Country Emergency Care and Global Medical Assistance
- Services or supplies received out-of-province in Canada unless you are covered by the government health plan in your home province and Canada Life would have paid benefits for the same services or supplies if they had been received in your home province

This limitation does not apply to Global Medical Assistance

- Expenses arising from war, insurrection, or voluntary participation in a riot
- Chronic care
- Podiatric treatments for which a portion of the cost is payable under the Ontario Health Insurance Plan (OHIP). Benefits for these services are payable only after the maximum annual OHIP benefit has been paid
- Visioncare services and supplies required by an employer as a condition of employment

- Services or supplies that Canada Life has determined are not proportionate to the disease or injury or, where applicable, the stage or progression of the disease or injury. In determining whether a service or supply is proportionate, Canada Life may take any factor into consideration including, but not limited to, the following:
 - clinical practice guidelines;
 - assessments of the clinical effectiveness of the service or supply, including by professional advisory bodies or government agencies;
 - information provided by a manufacturer or provider of the service or supply; and
 - assessments of the cost effectiveness of the service or supply, including by professional advisory bodies or government agencies.

In addition and except to the extent otherwise required by law, under the prescription drug coverage, no benefits are paid for:

- Drugs or drug supplies that appear on an exclusion list maintained by Canada Life. Canada Life may exclude coverage for all expenses for a drug or drug supply, or only those expenses that relate to the treatment of specific diseases or injuries or the stages or progressions of specific diseases or injuries. Canada Life may add or remove a drug or drug supply from an exclusion list at any time.

For greater certainty, a drug or drug supply may be added to an exclusion list for any reason including, but not limited to, the following:

- Canada Life determining that further information from professional advisory bodies, government agencies or the manufacturer of the drug or drug supply is necessary to assess the drug or drug supply; or
 - Canada Life determining that the drug or drug supply is not proportionate to the disease or injury or, where applicable, the stage or progression of the disease or injury.
- Atomizers, appliances, prosthetic devices, colostomy supplies, first aid supplies, diagnostic supplies or testing equipment
 - Non-disposable insulin delivery devices or spring loaded devices used to hold blood letting devices
 - Delivery or extension devices for inhaled medications
 - Oral vitamins, minerals, dietary supplements, homeopathic preparations, infant formulas or injectable total parenteral nutrition solutions
 - Diaphragms, condoms, contraceptive jellies, foams, sponges, suppositories, contraceptive implants or appliances
 - Smoking cessation products
 - Fertility drugs
 - Any drug that does not have a drug identification number as defined by the Food and Drugs Act, Canada
 - Any single purchase of drugs which would not reasonably be used within 34 days. In the case of certain maintenance drugs, a 100-day supply will be covered
 - Drugs administered during treatment in an emergency room of a hospital, or as an in-patient in a hospital
 - Non-injectable allergy extracts

- Drugs that are considered cosmetic, such as topical minoxidil or sunscreens, whether or not prescribed for a medical reason
- Preventative immunization vaccines and toxoids
- Drugs used to treat erectile dysfunction
- Drugs or drug supplies not listed in the *Liste de médicaments* published by the *Régie de l'assurance-maladie du Québec* in effect on the date of purchase or which are received out-of-province, when prescribed for a dependent child who is a student over age 24 and you are a resident of Quebec

Note: If you are age 65 or older and reside in Quebec, you cease to be covered under this plan for basic prescription drug coverage and are covered under the basic plan provided by the *Régie de l'assurance-maladie du Québec*, unless you elect to be covered under this plan as set out below.

A one-time election may be made to be covered under this plan. You must make this election and communicate it to your employer by the end of the 60-day period immediately following:

- the date you reach age 65; or
- the date you become a resident of Quebec, within the meaning of the Health Insurance Act, Quebec, if you are age 65 or over.

While your election to be covered under this plan is in effect, you will be deemed not to be entitled to the basic plan provided by the *Régie de l'assurance-maladie du Québec*.

“Basic prescription drug coverage” means the portion of drug expenses that is reimbursed by the *Régie de l'assurance-maladie du Québec*.

Prior Authorization

In order to determine whether coverage is provided for certain services or supplies, Canada Life maintains a limited list of services and supplies that require prior authorization.

For services and supplies, including a listing of the prior authorization drugs, go to www.canadalife.com.

Prior authorization is intended to help ensure that a service or supply represents a reasonable treatment.

If the use of a lower cost alternative service or supply represents reasonable treatment, Canada Life may require you or your dependent to provide medical evidence why the lower cost alternative service or supply cannot be used before coverage may be provided for the service or supply.

Health Case Management

Canada Life may contact you to participate in health case management. Health case management is a program recommended or approved by Canada Life that may include but is not limited to:

- consultation with you or your dependent and the attending physician to gain understanding of the treatment plan recommended by the attending physician;
- comparison with the attending physician, of the recommended treatment plan with alternatives, if any, that represent reasonable treatment;
- identification to the attending physician of opportunities for education and support; and
- monitoring your or your dependent’s adherence to the treatment plan recommended by the attending physician.

In determining whether to implement health case management, Canada Life may assess such factors as the service or supply, the medical condition, and the existence of generally accepted medical guidelines for objectively measuring medical effectiveness of the treatment plan recommended by the attending physician.

Health Case Management Limitation

Canada Life can, on such terms as it determines, limit the payment of benefits for a service or supply where:

- Canada Life has implemented health case management and you or your dependent do not participate or cooperate; or
- you or your dependent have not adhered to the treatment plan recommended by the attending physician with respect to the use of the service or supply.

Health Case Management Expense Benefit

Expenses associated with health case management may be paid for by Canada Life at its discretion. Expenses claimed under this provision must be pre-authorized by Canada Life.

Designated Provider Limitation

For a service or supply to which prior authorization applies or where Canada Life has recommended or approved health case management, Canada Life can require that a service or supply be purchased from or administered by a provider designated by Canada Life, and:

- limit the covered expense for a service or supply that was not purchased from or administered by a provider designated by Canada Life to the cost of the service or supply had it been purchased from or administered by the provider designated by Canada Life; or
- decline a claim for a service or supply that was not purchased from or administered by a provider designated by Canada Life.

Patient Assistance Program

A patient assistance program may provide financial, educational or other assistance to you or your dependents with respect to certain services or supplies.

If you or your dependents are eligible for a patient assistance program, Canada Life can require you or your dependent to apply to and participate in such a program. Where financial assistance is available from a patient assistance program in which Canada Life requires participation, Canada Life can reduce the amount of a covered expense for a service or supply by the amount of financial assistance you or your dependent is entitled to receive for that service or supply.

How to Make a Claim

- **Out-of-country claims (including those for Global Medical Assistance expenses)** should be submitted to Canada Life as soon as possible after the expense is incurred. It is very important that you send your claims to the Canada Life Out-of-Country Claims Department immediately as your Provincial or Territorial Medical Plan has very strict time limitations.

Access GroupNet for Plan Members to obtain a personalized claim form or obtain form M5432 (Statement of Claim Out-of-Country Expenses form) from your employer. You must also obtain the Government Assignment form, and residents of British Columbia, Quebec and Newfoundland & Labrador must also obtain the Special Government Claim form. The Canada Life Out-of-Country Claims Department will forward the appropriate government forms to your attention when required.

You should complete all applicable forms, making sure all required information is included. Attach all original receipts and forward the claim to the Canada Life Out-of-Country Claims Department. Be sure to keep a copy for your own records. The plan will pay all eligible claims including your Provincial or Territorial Medical Plan portion. Your Provincial or Territorial Medical Plan will then reimburse the plan for the government's share of the expenses.

Out-of-country claims must be submitted within a certain time period that varies by province or territory. For the claims submission period applicable in your province or territory or for any other questions or for assistance in completing any of the forms, please contact Canada Life's Out-of-Country Claims Department at 1-800-957-9777.

- **Claims for expenses incurred in Canada, for paramedical services and visioncare**, may be submitted online. To use this online service you will need to be registered for GroupNet for Plan Members and signed up for direct deposit of claim payments with eDetails. For online claim submissions, your Explanation of Benefits will only be available online.

Online claims must be submitted to Canada Life as soon as possible, but no later than 6 months after you incur the expense.

You must retain your receipt for 12 months from the date you submit your claim to Canada Life as a record of the transaction, and you must submit it to Canada Life on request.

- **For all other Healthcare claims**, access GroupNet for Plan Members to obtain a personalized claim form or obtain form M635D from your employer. Complete this form making sure it shows all required information.

Attach your receipts to the claim form and return it to the Canada Life Benefit Payment Office as soon as possible, but no later than 15 months after you incur the expense.

- **For drug claims**, your employer will provide you with a prescription drug identification card. Present your card to the pharmacist with your prescription.

Before your prescription is filled, an Assure Claims check will be done. Assure Claims is a series of seven checks that are electronically done on your drug claim history for increased safety and compliance monitoring. This has been designed to improve the health and quality of life for you and your dependents. Checks done include drug interaction, therapeutic duplication and duration of therapy, allowing the pharmacist to react prior to the drug being dispensed. Depending on the outcome of the checks, the pharmacist may refuse to dispense the prescribed drug.

When your coverage ends, return your direct pay drug identification card to your employer.

DENTALCARE

A deductible may be applied before you are reimbursed. All expenses will be reimbursed at the level shown in the **Benefit Summary**. Benefits may be subject to plan maximums and frequency limits. Check the **Benefit Summary** for this information.

The plan covers customary charges to the extent they do not exceed the dental fee guide level shown in the **Benefit Summary**. Denturist fee guides are applicable when services are provided by a denturist. Dental hygienist fee guides are applicable when services are provided by a dental hygienist practising independently.

All covered services and supplies must represent reasonable treatment. Treatment is considered reasonable if it is recognized by the Canadian Dental Association, it is proven to be effective, and it is of a form, frequency, and duration essential to the management of the person's dental health. To be considered reasonable, treatment must also be performed by a dentist or under a dentist's supervision, performed by a dental hygienist entitled by law to practise independently, or performed by a denturist.

You are covered for only the Dentalcare benefits that apply to the option that you choose as shown in the **Benefit Summary**.

Treatment Plan

- Before incurring any large dental expenses, or beginning any orthodontic treatment, ask your dental service provider to complete a treatment plan and submit it to Canada Life. Canada Life will calculate the benefits payable for the proposed treatment, so you will know in advance the approximate portion of the cost you will have to pay.

Basic Coverage

The following expenses will be covered:

- Diagnostic services including:
 - one complete oral examination every 36 months
 - limited oral examinations once every 9 months, except that only one limited oral examination is covered in any 12-month period that a complete oral examination is also performed
 - limited periodontal examinations once every 9 months
 - complete series of x-rays every 36 months
 - intra-oral x-rays to a maximum of 15 films every 36 months and a panoramic x-ray every 36 months. Services provided in the same 12 months as a complete series are not covered
- Preventive services including:
 - polishing and topical application of fluoride each once every 9 months
 - scaling, limited to a maximum combined with periodontal root planing of 8 time units each calendar year

A time unit is considered to be a 15-minute interval or any portion of a 15-minute interval

 - oral hygiene instruction twice every 12 months but separated by 5 months

- pit and fissure sealants on bicuspid and permanent molars every 60 months
- space maintainers including appliances for the control of harmful habits
- finishing restorations
- interproximal disking
- recontouring of teeth
- Minor restorative services including:
 - caries, trauma, and pain control
 - amalgam and tooth-coloured fillings. Replacement fillings are covered only if the existing filling is at least 2 years old or the existing filling was not covered under this plan
 - retentive pins and prefabricated posts for fillings
 - prefabricated crowns for primary teeth
- Endodontics. Root canal therapy for permanent teeth will be limited to one course of treatment per tooth. Repeat treatment is covered only if the original treatment fails after the first 18 months
- Periodontal services including:
 - root planing, limited to a maximum combined with preventive scaling of 8 time units each calendar year
 - occlusal adjustment and equilibration, limited to a combined maximum of 4 time units every 12 months

A time unit is considered to be a 15-minute interval or any portion of a 15-minute interval
- Denture maintenance, including:
 - denture relines for dentures at least 6 months old, once every 36 months
 - denture rebases for dentures at least 2 years old, once every 36 months
 - resilient liner in relined or rebased dentures after the 3-month post-insertion care period has elapsed, once every 36 months
- Oral surgery
- Adjunctive services

Major Coverage

- Crowns. Coverage for crowns on molars is limited to the cost of metal crowns. Coverage for complicated crowns is limited to the cost of standard crowns
- Onlays and inlays. Coverage for tooth-coloured onlays or inlays on molars is limited to the cost of metal onlays or inlays

Replacement crowns, onlays and inlays are covered when the existing restoration is at least 5 years old and cannot be made serviceable

- Standard complete dentures, standard cast or acrylic partial dentures or complete overdentures or bridgework when standard complete or partial dentures are not viable treatment options. Coverage for tooth-coloured retainers and pontics on molars is limited to the cost of metal retainers and pontics. Replacement appliances are covered only when:

- the existing appliance is a covered temporary appliance
- the existing appliance is at least 5 years old and cannot be made serviceable. If the existing appliance is less than 5 years old, a replacement will still be covered if the existing appliance becomes unserviceable as a result of the placement of an initial opposing appliance or the extraction of additional teeth.

If additional teeth are extracted but the existing appliance can be made serviceable, coverage is limited to the replacement of the additional teeth

- Denture-related surgical services for remodelling and recontouring oral tissues
- Appliance maintenance following the 3-month post-insertion period including:
 - denture remakes, once every 36 months
 - denture adjustments, once every 12 months
 - denture repairs and additions, tissue conditioning and resetting of denture teeth
 - repairs to covered bridgework
 - removal and recementation of bridgework

Orthodontic Coverage

- Orthodontics are covered for children age 6 to 18 when treatment starts

Limitations

No benefits are paid for:

- Duplicate x-rays, custom fluoride appliances, audio-visual oral hygiene instruction and nutritional counselling
- The following endodontic services - root canal therapy for primary teeth, isolation of teeth, enlargement of pulp chambers and endosseous intra coronal implants
- The following periodontal services - desensitization, topical application of antimicrobial agents, subgingival periodontal irrigation, charges for post surgical treatment and periodontal re-evaluations

- The following oral surgery services - implantology, surgical movement of teeth, services performed to remodel or recontour oral tissues (other than minor alveoloplasty, gingivoplasty and stomatoplasty) and alveoloplasty or gingivoplasty performed in conjunction with extractions. Services for remodelling and recontouring oral tissues will be covered under Major Coverage
- Hypnosis or acupuncture
- Veneers, recontouring existing crowns and staining porcelain
- Crowns, onlays or inlays if the tooth could have been restored using other procedures. If crowns, onlays or inlays are provided, benefits will be based on coverage for fillings
- Overdentures or initial bridgework if provided when standard complete or partial dentures would have been a viable treatment option.

If overdentures are provided, coverage will be limited to standard complete dentures.

If initial bridgework is provided, coverage will be limited to a standard cast partial denture and restoration of abutment teeth when required for purposes other than bridgework

If additional bridgework is performed in the same arch within 60 months, coverage will be limited to the addition of teeth to a denture and restoration of abutment teeth when required for purposes other than bridgework

Benefits will be limited to standard dentures or bridgework when equilibrated and gnathological dentures, dentures with stress breaker, precision and semi-precision attachments, dentures with swing lock connectors, partial overdentures and dentures and bridgework related to implants are provided

- Expenses covered under another group plan's extension of benefits provision
- Services or supplies covered under Healthcare. If the amount payable would be greater under this Dentalcare benefit, then benefits will be paid under Dentalcare and not Healthcare
- Expenses private plans are not permitted to cover by law
- Services and supplies you are entitled to without charge by law or for which a charge is made only because you have insurance coverage
- Services or supplies that do not represent reasonable treatment
- Treatment performed for cosmetic purposes only
- Congenital defects or developmental malformations in people 19 years of age or over
- Temporomandibular joint disorders, vertical dimension correction or myofacial pain
- Expenses arising from war, insurrection, or voluntary participation in a riot

How to Make a Claim

- **Claims for expenses incurred in Canada** may be submitted online. Access GroupNet for Plan Members to obtain a personalized claim form or obtain form M445D from your employer and have your dental service provider complete the form. The completed claim form will contain the information necessary to enter the claim online. To use the online service you will need to be registered for GroupNet for Plan Members and signed up for direct deposit of claim payments with eDetails. For online claim submissions, your Explanation of Benefits will only be available online.

Online claims must be submitted to Canada Life as soon as possible, but no later than 6 months after the dental treatment.

You must retain your receipt for 12 months from the date you submit your claim to Canada Life as a record of the transaction, and you must submit it to Canada Life on request.

- **For all other Dentalcare claims**, access GroupNet for Plan Members to obtain a personalized claim form or obtain form M445D from your employer. Have your dental service provider complete the form and return it to the Canada Life Benefit Payment Office as soon as possible, but no later than 15 months after the dental treatment.

HEALTH CARE SPENDING ACCOUNT BENEFITS (HCSA)

A Health Care Spending Account (HCSA) is like a bank account through which you may be reimbursed for health and dental expenses up to a predetermined annual credit amount. Your employer will establish the credits for your account prior to each plan year. These credits may be used to cover expenses not covered by group health plans or to top-up expenses not fully covered by group health plans, including deductibles and co-payment amounts. Also, since annual credits are in the form of before tax dollars, the HCSA is a tax-effective way of paying for your health-related expenses.

Eligibility

You and your dependents are eligible for HCSA credits through your employer if you are covered for basic health care benefits or basic dental care benefits under your or your spouse's group health plan. In addition to the dependents eligible for coverage under your group health plan, HCSA benefits are extended to any other person for whom you are entitled to claim a medical expense tax credit under the *Income Tax Act (Canada)*.

You may apply for HCSA benefits within 31 days of the date you first become eligible or at your plan's annual enrolment date.

Termination

Your HCSA coverage terminates when your health plan coverage terminates, when you elect to discontinue coverage (at any plan enrolment date) or when your employer discontinues the plan.

Your dependents' HCSA coverage terminates when your coverage terminates or when they no longer qualify, whichever is earlier.

Covered Expenses

Coverage is provided for those expenses that qualify for a medical expense tax credit under the *Income Tax Act (Canada)*, as may be amended from time to time.

Please refer to the Canada Revenue Agency website for information on medical expenses that qualify for the medical expense tax credit under the *Income Tax Act (Canada)*. For additional information on covered expenses, contact a customer service representative at Canada Life toll-free at 1-877-883-7072.

Benefits will be paid for 100% of covered expenses that are incurred while you and your dependents are covered, up to a maximum annual payment equal to the credits in your HCSA. Dental expenses, other than orthodontic expenses, are considered to be incurred when treatment is completed. Orthodontic expenses are considered to be incurred on a periodic basis throughout the course of treatment. All other expenses are considered to be incurred when they are received.

Credits are available for covered expenses incurred in a plan year. Any remaining credits will be carried forward for covered expenses incurred in the following plan year. If they are not used for expenses incurred in that plan year, they are automatically forfeited.

The maximum annual payment available under your account will consist of the amount of the credit directed to it for the plan year plus any unused amount from the previous year.

Limitations

No benefits are paid for:

- Expenses that private benefit plans are not permitted to cover by law
- Services or supplies you are entitled to without charge by law or for which a charge is made only because you have coverage under a private benefit plan
- Any portion of the expense for services or supplies for which benefits are payable under your basic health plan, another group plan or a government plan

How to Make a Claim

The HCSA will reimburse you for the balance of the expense remaining after all other insurance plans have paid out. You must first submit all claims to any government and private insurance plans under which you or any eligible dependents are covered. Once you have received reimbursement for the expense from all other plans, you may submit a claim against the HCSA.

Claims against the HCSA may be submitted on a claim form. Claims for prescription drugs, paramedical services, visioncare and dentalcare expenses incurred in Canada may also be submitted online.

- To submit claims using a claim form, use form M445D (HCSA) for dental claims, and form M635D (HCSA) for all other claims
- To submit claims online, you will need to be registered for GroupNet for Plan Members and signed up for direct deposit of claim payments with eDetails. For online claim submissions, your Explanation of Benefits will only be available online

You must retain your receipt for 12 months from the date you submit your claim to Canada Life as a record of the transaction, and you must submit it to Canada Life on request.

Claims against the HCSA must be submitted to the Canada Life Benefit Payment Office before the earliest of the following:

- 31 days after the end of the plan year in which the expenses are incurred
- the date the HCSA contract terminates, if it terminates because your employer fails to make a required payment
- 31 days after the date the HCSA contract terminates, if it terminates for any other reason

COORDINATION OF BENEFITS

- Benefits for you or a dependent will be directly reduced by any amount payable under a government plan. If you or a dependent are entitled to benefits for the same expenses under another group plan or as both an employee and dependent under this plan or as a dependent of both parents under this plan, benefits will be co-ordinated so that the total benefits from all plans will not exceed expenses.
- You and your spouse should first submit your own claims through your own group plan. Claims for dependent children should be submitted to the plan of the parent who has the earlier birth date in the calendar year (the year of birth is not considered). If you are separated or divorced, the plan which will pay benefits for your children will be determined in the following order:
 1. the plan of the parent with custody of the child;
 2. the plan of the spouse of the parent with custody of the child;
 3. the plan of the parent without custody of the child;
 4. the plan of the spouse of the parent without custody of the child

You may submit a claim to the plan of the other spouse for any amount which is not paid by the first plan.
